Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Review student performance data fortnightly in order to adjust curriculum, pedagogy and resourcing.
- Establish collaborative community partnerships to design and implement developmentally responsive programs to improve learning outcomes for young children within our community.
- Build teacher capacity in explicit teaching through coaching, feedback and targeted professional development.
