ENROLMENT PACKAGE

2023

Enrolment Process

We welcome new enrolments to our school

To assist you with enrolling your child/children at our school we have the following procedures in place.

1. Phone the school to request an enrolment package and make an appointment to meet with the principal to discuss your child's enrolment.
2. This appointment is arranged for a mutually suitable time and must occur at least one day before your child attends our school for the first time.

At the interview with the principal (or another member of the leadership team), you will be provided with information about our school. If the enrolment forms have not been completed prior to this appointment, you will have the opportunity to complete these at this time. You will also have the opportunity to provide information about your child/children as well as clarify any concerns that you may have.

3. The principal will contact your child/children's previous school and any other agencies that have a connection with your child. This will assist in successfully transitioning your child to our school.
4. The date of your child's first day at Clifton State School will be discussed and timetabled either for the next day or when the family transfers from their previous school. It is expected that students will attend their first day at our school wearing the Clifton State School uniform.
5. On your child's first day please come to the school office at 8:45am with your child and a staff member will escort you to his/her class.

School Attendance Policy

Rationale

All schools in Queensland are committed to providing safe and supportive learning environments for all students which address their educational needs. Clifton State School expects each student to attend school at all times, excluding days/times where a reasonable excuse exists.

The Clifton State School Attendance Policy aims to inform administrative staff and parents of school responsibilities regarding attendance, as well as actions and rationales for these actions.

School community beliefs about the importance of attending school

It is important that students, staff and parents/carers have a shared understanding of the importance of attending school. Clifton State School:

- Actively promotes the key messages of Every Day Counts
- Believes all children should be enrolled at school and attend school all day, every school day
- Monitors, communicates and implements strategies to improve regular school attendance

Responsibilities

School responsibilities:

- Actively promote 100% attendance
- Record daily attendance
- Keep parents/carers informed of their obligations
- Enact strategies for improved attendance where necessary
- Maintain active notification of absence by phone with parents/carers

Parent/Carer responsibilities:

- Ensure their child/children attends school every school day
- Make school attendance a high priority
- Advise the school as soon as practicable of any absences, ensuring the absence is considered a 'reasonable excuse'
- Plan holidays with their child/children during gazetted school holiday periods and student free days

Strategies

At Clifton State School, we promote 100% attendance by:

- Giving consistent messages to the whole school community at school parades, in school newsletters, on the school website, on the school Facebook page, and at staff meetings.
- Setting an attendance target of 95% for all students
- Setting a zero unexplained absence target for all students
- Educating parents/caregivers to understand their legal obligation to ensure their child attends school
- Encouraging parents not to condone absences for reasons such as shopping, birthdays or to look after siblings
- Offering support to parents/caregivers if their child refuses to attend school
- Sharing current attendance rates on a regular basis with students
- Offering rewards for students which include Certificates of Recognition each term for 95% and over attendance, as well as 100% attendance. An 'Attendance Award/Trophy' for the student with the highest attendance rate for the year is presented at the end-of-year awards night/ceremony.
- Offering whole class regular rewards for 100% attendance days

Responses to absences

At Clifton State School, we are committed to achieving the following targets in improving attendance:

- 95% attendance each school term
- Zero unexplained absences for each student

When a student is absent without explanation, Clifton State School will ensure same day notification with parents/carers using any or all of the following methods:

- Phone call
- SMS
- Email

When student attendance is prolonged, without a reasonable excuse, or shows a regular pattern, Clifton State School will:

- Phone/speak with parents/carers to identify reasons for poor attendance and whether the school can assist with solutions
- Inform parents of their legal obligations about enrolment and attendance
- Communicate high expectations of attendance
- Promote the benefits of attending school
- Identify attendance and achievement goals, and develop a realistic plan for improving attendance

Consequences of poor attendance

At Clifton State School, the consequences or impacts of unexplained or unauthorised absences might include the following:

- Issue official attendance letter to seek compliance
- Notify relevant body for further action (Queensland Police Service, Department of Child Safety, Youth and Women)

Reporting and monitoring attendance

At Clifton State School, reports of absence or truanting are taken seriously. Students, parents, members of community and school staff may report an absence in the following ways:

- Phoning the school office – 4697 4888
- Emailing the Principal – principal@cliftonss.eq.edu.au
- Reporting in person at the school office

Refund Policy

At Clifton State School, we are committed to providing a safe and supportive learning environment for students, staff and volunteers. This commitment includes the health and safety of staff and students when conducting curriculum activities in the school or in other locations.

School excursions and camps enhance a student's learning by providing opportunities for the student to participate in activities, both curriculum-related and recreational, outside the normal school routine. All planned school excursions are approved by the Principal and endorsed by the Parents and Citizens Association.

State schools are able to charge a fee for:

- An educational service including materials and consumables not defined as instruction, administration and facilities for the education of the student
- An education service purchased from a provider other than the school where the provider charges the school
- A specialised educational program

A school fee is directed to the purpose for which it is charged.

School fees for extra-curricular activities are calculated on a cost recovery only basis, according to the number of students who have indicated their attendance.

Participation of students in an extra-curricular activity is indicated through payment of the fee and provision of a permission form completed by the parent.

As the school budget cannot meet any shortfalls in funding for an extra-curricular activity due to the subsequent non-participation of a student who had previously indicated attendance of the activity, fees already paid for an extra-curricular activity may be refunded in full or in part or not at all, having regard to the associated expenses incurred and the circumstances of the non-participation.

If a parent wishes to apply for a refund due to their child's non-participation in an extra-curricular activity, they may do so by completing a Request for Refund form available from the school office. Where possible, the request should include the receipt relating to the payment for which a refund is being sought.

It is preferred that refunds be made as a credit against the student's account at the school, and used to offset any future charges.

Accident Insurance Cover

Information supplied by the Department of Education and Training:

Accident Insurance Cover for Students

Some school activities and physical education, particularly contact sports, carry inherent risks of injury.

Parents are advised that the department does not have Student Accident insurance cover for students.

If your child is injured at school as a result of an accident or incident, all costs associated with the injury, including medical costs, are the responsibility of the child, parent or caregiver.

Some incidental medical costs may be covered by Medicare. If parents have private health insurance, some costs may also be covered through the private health insurance. Any other costs would be borne by the parents.

Student Accident Insurance is an insurance policy that pays certain benefits in certain circumstances should your child have an accident.

It is a personal decision for parents as to the types and levels of private insurance they arrange to cover their child for any accidental injury that may occur.

Parents should contact their insurer or an approved Australian Insurance broker for more information about student personal accident insurance cover for their child.

Customer complaints management

1. Values

We are committed to fostering a school environment that is supportive, respectful, compatible with human rights and provides all students with opportunities to engage in quality learning. Effective partnerships with parents, carers, students and school staff is an essential part of us achieving this goal. We want to know what we are doing well, but also if there are any areas where we can improve or do things differently.

2. Purpose

Clifton State School appreciates and acknowledges that parents, carers, students and community members have a right to make a complaint. This document outlines how Clifton State School will manage these complaints.

3. What is a customer complaint?

A complaint is a customer complaint if the person is unhappy with the service or action of Clifton State School or our staff, and directly affected by the service or action they are unhappy with.

In our school, the person making a complaint will usually be a parent, carer, student or other school community member, but could also be anyone else directly impacted by something at our school.

Some complaints must be managed using different processes. These include:

- issues about harm, or risk of harm, to a student attending a state school, which must be managed in accordance with the [Student protection procedure](#); and
- complaints about corrupt conduct, public interest disclosures, or certain decisions made under legislation – refer to the [Excluded complaints factsheet](#) for more information.

4. Roles and responsibilities

We treat everyone with respect, courtesy and fairness, and aim to act compatibly with human rights.

Our responsibilities include:

- following the customer complaints management [framework](#), [policy](#) and [procedure](#) when managing complaints;
- resolving complaints promptly; and
- providing information about our processes, timeframes and any available review options.

If someone makes a complaint, they also have responsibilities, including:

- cooperating respectfully and understanding that unreasonable conduct will not be tolerated;
- giving us a clear idea of the issue or concern and a possible solution;
- providing all relevant information when making the complaint;
- understanding that addressing a complaint can take time; and
- letting us know if something changes, including if help is no longer needed.

5. Complaints management process

At Clifton State School, our complaints management process involves the following steps:

i. Receipt

The complaint should be made where the problem or issue arose. At Clifton State School, we ask parents, carers, students or community members who would like to make a complaint to email the principal at principal@cliftonss.eq.edu.au, email your child's teacher to make an appointment or contact the school office to make an appointment with the principal.

We accept anonymous complaints, however it is important to understand that this could limit how a complaint is assessed and resolved, and it may also prevent an outcome being provided.

ii. Assessment and management

We will examine the issue(s) raised and try to resolve the complaint. We aim to do this promptly, but understand that we have many other responsibilities and it may not be possible to make contact or resolve a complaint immediately.

iii. Providing an outcome

Once we finish examining the complaint, we will let the person who has made the complaint know the outcome and any available review options.

6. Review options

If the person who has made the complaint is dissatisfied with the outcome or the way we handled their complaint, they can contact the [regional office](#) to ask for an internal review. A [Request for internal review form](#) should be completed and the request should be submitted within 28 days.

There is also an external review option (for example, the Queensland Ombudsman or Queensland Human Rights Commission), which becomes available once the department's complaints process has been exhausted.

7. More information and resources

The following resources contain additional information:

Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

Introduction to the State School Consent Form (attached) for Clifton State School

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent (eg assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/third parties.

Media sources used

Following is a list of online and social media websites and traditional media sources where the school may publish your child's personal information or student materials subject to your consent.

- School website: www.cliftonss.eq.edu.au
- Facebook: www.facebook.com/CliftonStateSchool
- ClassDojo: www.classdojo.com
- Local newspaper
- School newsletter
- Traditional and online media, printed materials, digital platforms' promotional materials, presentations and displays.

The State School Consent Form does not extend to P & C run social media accounts or activities, or external organisations.

Duration

The consent applies for the period of enrolment or another period as stated in the State School Consent Form, or until you decide to limit or withdraw your consent.

During the school year there may be circumstances where the school or Department of Education may seek additional consent.

Who to contact

To return a consent, express a limited consent or withdraw consent please contact the administrative staff at Clifton State School on 4697 4888 or via email on admin@cliftonss.eq.edu.au. The Principal, Mrs Lever should be contacted if you have any questions regarding consent.

Introduction to the Online Services Consent Form for Clifton State School

Our school uses tools and resources to support student learning, including third party (non-departmental) online services hosted and managed outside of the Department of Education network.

Online services, including websites, web applications, and mobile applications, are delivered over the internet or require internet connectivity. Examples may include interactive learning sites and games, online collaboration and communication tools, web-based publishing and design tools, learning management systems, and file storage and collaboration services.

This letter is to inform you about the third party online services used in our school and how your child's information, including personal information and works, may be recorded, used, disclosed, and published to the services (if you provide your consent for this to occur).

The Online Services Consent Form is a record of the consent provided.

About the online services

After evaluation, the principal has deemed specific third party online services appropriate for school use. These online services are listed on the consent form.

Third party online service providers are external to the school, and the services may be hosted onshore in Australia or offshore outside of Australia. Data that is entered into offshore services may not be subject to Australian privacy laws. When considering whether to provide your consent, we encourage you to read the information provided about each online service, including the *terms of use* and *privacy policy*, which outline how information and works will be used and under what circumstances they may be shared.

Student information

The consent collected by the form covers both student personal information (e.g. name, date of birth) and school-based information (e.g., student username, email, year level) as outlined on the form.

Where permitted by the service provider, de-identified information will be used and/or efforts will be made to limit the amount of personal information disclosed and stored within online services (e.g., when registering accounts, only mandatory information will be disclosed).

Student works

Works might include materials such as student projects, assignments, portfolios, images, video or audio. Where student works will be created within, stored or published to the online service (in some cases, published information or works will be viewable by the public), this will be indicated in 'additional consent requirements' in Section 5 of the Online Services Consent Form.

Parent information

Where your personal information (e.g. parent email, name, contact details) will be disclosed to the online service, this will be indicated in the 'additional consent requirements' in Section 5 of the Online Services Consent Form.

Purpose of the consent

Third party online services are used for various purposes. The purpose of use for each service is outlined in Section 5 of the Online Services Consent Form. For example, teachers may use online services with students to support curriculum delivery, complete learning activities and assessment, facilitate class collaboration, and create and publish class work (e.g. projects, assignments, portfolios).

The Online Services Consent Form records your consent for your child to register accounts, use, and, where specified, publish their work to these services. The form also collects your consent for school staff to collect, store, and transmit information to online services in order to manage school operations and communicate with parents and students.

It should be noted that, in some instances, the school may be required or authorised by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent.

Voluntary consent provision

It is not compulsory to provide consent. If your consent is not given, this will not adversely affect any learning opportunities provided by the school to your child.

Consent may be limited or withdrawn

You can withdraw your consent at any time by notifying the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

You may also limit your consent by providing consent for some, but not all, online services listed on the form.

Requests to limit consent in relation to how the 'Information covered by this consent form' and the 'Approved purpose' (Section 2 and 3 of the form) are applied to a specific service, will be treated as "do not consent", as the school cannot guarantee correct implementation of individual requests.

Due to the nature of the internet, it may not be possible for all copies of information (including images and student works that have already been disclosed or published) to be deleted or restricted from use if you request it. The school may remove content that is under its direct control, however, information and works that have already been disclosed and published cannot be deleted, and the school is under no obligation to communicate changes to your child's consent circumstances to online service providers.

Duration of consent

The consent applies for the period of time specified on the form. You may review and update your consent at any time by notifying the school in writing (by email or letter).

There may be circumstances where the school issues a new consent form to seek additional consent e.g. in the event that new online services are identified for use.

Who to contact

To return the form, express a limited consent, withdraw consent or ask questions regarding consent, please contact **our administration office on 4697 4888 or via email on admin@cliftonss.eq.edu.au**.
